PROFILE SUMMARY

Results-driven **Frontend Developer** with strong expertise in **React.js**, focused on building clean, responsive, and user-centric web applications. Experienced in translating **UI/UX designs** into high-quality, interactive interfaces using **JavaScript (ES6+)**, **Tailwind CSS**, and modern frontend tools. Comfortable working with **REST APIs**, optimizing performance, and ensuring accessibility and cross-browser compatibility. Known for writing clean, maintainable code and collaborating closely with designers and backend teams to deliver smooth, intuitive user experiences.

TECHNICAL SKILLS

Front-end Development/Web Development: React, HTML/CSS, Bootstrap, Tailwind css
React Ecosystem: React Router & React Hooks, React Query (data fetching & caching), React Helmet (SEO)
API & Data Handling: Axios, async/await, API integration
Development and Testing Tools: VS Code, Postman
Project Management Tools: Git & GitHub
Other Skills: Cross-browser compatibility, responsive web design, front-end build tools, interactive UI development

PROFESSIONAL EXPERIENCE

Front End Developer — EC Sale Pvt. Ltd.  **May 2025 – Jan 2026**
Noida, India

- Designed and developed **multiple frontend modules and the company website [ecsale.com.au](#)** using React.js and Tailwind CSS, ensuring a fully responsive and modern UI across desktop, tablet, and mobile devices.
- Implemented SEO optimization using **React Helmet**, improving search engine visibility and ranking.
- Built reusable React components with proper routing using **React Router** for seamless navigation across applications.
- Integrated REST APIs for **real-time data handling** and dynamic content rendering.
- Optimized performance and ensured **cross-browser compatibility**, reducing load times and enhancing user experience.
- Collaborated with designers and stakeholders to deliver user-focused, scalable, and maintainable frontend solutions.

KEY PROJECTS

EC Sale Pvt. Ltd. – Official Company Website  | React.js, Tailwind CSS, Framer Motion, React Helmet **Aug 2025**

- Designed and developed the official corporate website with a fully responsive, mobile-first approach.
- Implemented advanced SEO optimization using **React Helmet**, improving search engine visibility and indexing.
- Enhanced user experience through smooth UI animations using **Framer Motion** and optimized performance across browsers.

Streaming Platform Website  | React.js, Tailwind CSS, API Integration, React Router **Sep 2025**

- Developed a modern streaming platform interface with dynamic content rendering using REST APIs.
- Implemented client-side routing with **React Router** for seamless page navigation.
- Optimized UI components for performance, scalability, and consistent user experience across devices.

Ducat India Clone Website  | React.js, React Router, React Hooks, Framer Motion, Tailwind CSS **Jul 2025**

- Built a responsive Ducat India website clone using React.js with smooth animations via Framer Motion.
- Implemented React Router for navigation and React Hooks for clean state management.

Authentication & Dashboard System | React.js, Tailwind CSS, JWT Authentication, API Integration, Motion **Jan 2026**

- Implemented frontend-side authentication flow with JWT handling, token storage, and protected routes using React Router.
- Integrated mock / simulated API responses to demonstrate real-world authentication and dashboard workflows.
- Developed a responsive and interactive **user dashboard** using React.js and Tailwind CSS with a clean UI.
- Managed global application state using **React Hooks and Context API** for efficient data flow and scalability.
- Enhanced user experience with smooth animations and page transitions using **Framer Motion**.
- Ensured secure API communication, proper error handling, and performance optimization across devices and browsers.

CERTIFICATES

Full Stack Developer Training — Ducat India **Jun 2024**
Ghaziabad, India

EDUCATION

B.Sc. **Completed in 2021**
Allahabad State University *Prayagraj, UP*
